Special Events

Creative Lighting - Drapery - Decor - Event Design & Production

About Us

Since 1990, Sound Source Productions has provided professional lighting, audio, video and special event services for customers located in both the Southeastern United States and Nationwide. Our team is dedicated to customer service and will ensure that no detail goes overlooked.

Our design team will work with you throughout all stages of planning, design and implementation to ensure an exceptional event that is custom tailored to your particular style.

Whether you are looking for a sleek, modern design, or an elegant classic feel, our team will bring your wedding dreams to life.

Customer Focus

Sound Source has gained a highly respected reputation within the event industry. We are dedicated to customer service and attention to detail.

Whether you are looking for a one-stop event solution or simply a few up lights to add some ambiance, our staff is here to help make your event flawless.

Customers often want something new and one-of-kind, so our inventory is constantly changing and we are always creating fresh solutions. We excel in listening to customer dreams and turning those dreams into reality.

Let us help make your event
EXCEPTIONAL!

The Process

Every client is unique and has their own style and taste. Your day should be special, so we do not have “pre-defined” packages. Each and every event is created from a clean pallet.

We love meeting with clients and promise a very relaxed, no-obligation consultation meeting.

We are more than willing to travel and discuss your event, or you are welcome to come to our office. Our conference room can accommodate up to 15 guests. Some helpful tools for ideas are pictures, Pinterest pins, style examples, etc.

Once we hear your thoughts, we then provide you with a detailed quote. No two budgets are alike. Our staff will work to modify your design and quote to fit within your budget.
